Advice

- The article 'x' and the adjective 'good' mean we need a noun. If people are 'friendly' we probably get on well with them, so we have 'a good relationship'.
- The verb 'agree' needs a subject, probably a kind of people. It is plural so this noun must be plural, too.
- The missing word describes 'waterfall' so it's an adjective. If the person 'couldn't hear' it means there was a lot of noise.
- After the adjective 'high' we need a noun from 'employ'. If 'new jobs' are required, there can't be enough now, so the meaning will be negative.
- The missing word describes 'situation' so it must be an adjective. The situation was clearly negative.
- We need an adjective to describe the 'journey'. We should make 'comfort' negative by adding both a suffix and a negative prefix.
- The word 'saddy' shows it is a negative job, so we need an adjective to describe 'plan' with a negative prefix.
- After the article 'the' we need a noun meaning something bad, but we need to be careful with the spelling.
